

MODEL 150

LED CLEARANCE & SIDEMARKER LAMPS

LEDs make these Clearance & Sidemarker lamps perfect for rugged environments.

Ideal for trailers, the Model 150 LED Clearance-Side Marker can be used on any trailed implement. Vibration and rough terrain are no problem for LEDs as there is no filament to break.

Using the optional carrier made specifically to fit the Model 150, mounting is a snap. Outfit your towable implements with bright, dependable Model 150 Clearance-Side Marker lamps. Appropriate for domestic and ECE agriculture, construction, and on-highway vehicles.

VEHICLE APPLICATIONS

- Domestic & ECE
- Agriculture
- Construction
- On-Highway Vehicles

FEATURES

- Optional Carrier Mounting
