

# MODEL 224

## LED REAR FOG LAMP

*Sealed, low-profile Model 224 Rear Fog Lamp complies with ECE standards.*

The Model 224 LED Rear Fog Lamp meets the conspicuity requirements of a bright rear fog lamp for European countries that adhere to ECE Regulation 48. Brighter than a tail lamp, the rear fog lamp draws attention to the vehicle for identification and safety purposes in dense fog. The Model 224 lamp is completely sealed, and combines perfectly with Model 224 lamps of different functions including: stop and tail; turn signal; and back up lamp.

### VEHICLE APPLICATIONS

- Agriculture
- Construction
- Heavy Duty Trucks
- Specialty Vehicles

### FEATURES

- Low profile
- Complies with ECE Reg 38
- Long-life LEDs use less power
