

MODEL 272

LED AMBER FLASHING WARNING TURN SIGNAL

*Dual compliance (SAE & ECE)
Amber Flashing Warning Lamp
features long-lasting LEDs.*

The stylish Model 272 LED Amber Flashing Warning Turn Signal complies with both SAE and ECE standards and features LED technology to last the life of the vehicle. With a rugged polycarbonate lens and sealed to IP67, this lamp is built for tough environments. Use mating connector Delphi 12059595 and Packard 1211029 and mount with M5 or #10 pan head screws. Completely compatible mounting hardware, connector, and footprint make this lamp a quick upgrade from the Model 271 incandescent lamp.

VEHICLE APPLICATIONS

- Agriculture
- Material Handling
- Construction
