

MODEL 405

12-80V LED STROBE LAMP

*ECE approved LED Strobe Lamp
meets Class I standards to comply
with Reg. 65*

The Model 405 Strobe Lamp is perfect for agriculture, construction, specialty truck, and material handling applications, and it is approved for ECE Reg. 65. This strobe can be operated in four different modes: Mode #1 flashes at 240 fpm and the Amber version complies with SAE J845 Class 1 and ECE Reg. 65; Mode #2 flashes at 340 fpm; Mode #3 flashes at 540 fpm; and Mode #4 operates as a rotating beacon. Select the mode that provides the best warning in your application. Available in Amber, Red, Green or Blue. Other options include a magnetic mount, and a breakaway mounting bracket kit (#3153151).
