

MODEL 412

12-24V LED STOP, TAIL, TURN LAMP

Stylized clear lens with colored LEDs in a compact lamp.

The Model 412 LED Stop, Tail, Turn Lamp is a compact, durable lamp designed to mount in a small area. With a stylized clear lens and colored LEDs, the lamp meets ECE standards and conforms to IP67. It is flush mounted with 2 bolts. LEDs provide longer life and brighter light output than incandescent bulbs. Specify horizontal or vertical mounting.
