

MODEL 8450

HID WORK LAMP – MARINE VERSION

Great value and high performance in this High Intensity Discharge lamp.

This standard duty HID (high intensity discharge) work lamp is available in 12-volt for marine applications. Brilliant, automotive-style reflector optics provide three options: a flood light pattern to illuminate areas close to the boat; a trap pattern to better light the confines of a marina; or a spot pattern for long distance sight and visibility.

All stainless steel mounting hardware, a 2-pin Deutsch integrated connector, glass lens, and impact-resistant nylon housing make this lamp hard to beat for value and performance.

VEHICLE APPLICATIONS

- Agriculture
- Construction
- Specialty Truck

FEATURES

- Automotive-style reflector optics
- Stainless steel mounting hardware for flat surfaces
- Integrated Deutsch connector
- Tough nylon housing

MODEL NUMBER

Model 8450

DESCRIPTION

HID Work Lamp – Marine version

PRODUCT SPECIFICATIONS

Light Source	HID (High Intensity Discharge)
Input Voltage	12V
Current Draw	3 Amps @ 12V
Lens	Glass
Standards	IEC 60529 Classification IP67
Connector	Integrated 2-pin Deutsch connector
Mating Connector	Deutsch DT06-2S
Replacement Parts:	
Bulb	JWS p/n 4832001
Ballast – 12V	JWS p/n 6600380
Ballast – 24V	JWS p/n 6600420
Harness	JWS p/n 3258911
