

## MODEL 9710 & 9720

MODEL 9710-12V HID WORK LAMP  
MODEL 9720-24V HID WORK LAMP

*Our most popular heavy-duty HID work lamp.*

This heavy-duty HID work light is completely sealed from water, dust and corrosion. It features stainless steel hardware, a high-impact, chemical-resistant housing, and is highly resistant to shock, vibration and the elements.

Its HID technology offers "daylight color impression" (blue/white light) with five times more light and ten times the life of conventional halogen work lights. Ideal for 24/7 work applications including agriculture, construction, forestry, ground support, industrial, mining, public safety and railroad. Available in flood, trapezoid, or spot lens patterns. The Model 9720 24-volt lamp is now available with an amber lens to meet particular safety requirements.
